Validation analysis performed on 2023-12-01.

	Number of samples populated in example_table1.tsv	Number of samples populated in example_table2.tsv	Number of differences (exact match)	Validation Criteria	Number of samples failing the validation criteria
columnA-string	5	5	2		
columnB-set	5	5	5	SET	2
columnC-ignore	5	5	3	IGNORE	0
columnD-float	5	5	4	PERCENT_DIFF: 1.00%	3
columnE-missing	4	3	1	EXACT	1

Validation Criteria:

    EXACT
        Performs an exact string match
    IGNORE
        Ignores the values; indicates 0 failures
    SET
        Compares items in a list without regard to order
    PERCENT_DIFF
        Tests if two values are more than the indicated percent difference (must be in decimal format)
